LIGHTNING STRIKERS. From New York to San Fran-

The Telegraph Operators, with one Accord Desert Their Keys—The Western Union Company Declares Itself Able to Fill

San Francisco, July 19 .- This morn ing, at 9:15, the first intimation that the a man. At Yreka all dropped work at 9.20, though not members of the Brotherhood. This is one of the most important stations, for messages between here
and Oregon and Washington Territory
are repeated there. An operator has
been dispatched there and will be working this avening. Superintendent Layers ing this evening. Superintendent Jaynes says the strike here is unexpected.

Messages for the East are refused. It is said that out of six hundred operators in New York, only twenty-five remained at work. Jaynes further stated that the aces are rapidly being filled East and so here. There will be no inconvenience after a day or two. The messen-ger boys here have ceased to work with-out notice, and their places are supplied with American District Telegraph boys. The strike does not interfere with the

munications Open with the BAN FRANCISCO, July 19 .- Communieations are maintained with the East via Ogden. The force at that point was further increased during the day. There is a full force in the San Francisco office. The Superintendent is in receipt of advices that the company is perfectly competent to deal with the present difficulties.

Telephone District service.

No Effect on Stocks. NEW YORK, July 19 .- The announce ment that the telegraph operators had left their desks in a body had no effect on share speculation, the matter having already been discounted. Western Union has sold up from 77% to 78%.

Struck on a Signal.
CINCINNATI, July 19.—The telegraphers' strike in the main office of the Western Union Company occurred at 11:30 4. M. At that hour the local chief of the Brotherhood gave with a gavel three raps on a desk. The signal was obeyed by all the members of the Brotherhood rising and going immediately out. There was no confusion and no excitement. Only about half a dozen of the working force remain at their desks.

Sold, for cash, during this month.

A MEXICAN LETTER. Alleged Outrages by Apaches Sinc Crook's Treaty.

The following is a translation of letter received last evening by C. Y. and odds and ends Mexican paper published in this city from a correspondent in Sonora: FRONTERAS, July 14th, 1883.

as American chieftain. After the celebrated battle of Small-sacks-of-flour, which brought so much glory upon the protector of Geronimo and Chato, things are in a worse state than before. When the hordes of scoundrels met their benefactor, who ex-tended his protection and refuge to the women, children and infirm bucks, when they had secured their safe return to their paradise of laziness, whenever they desired it, after getting tired of committing depredations, when that they were persons who had their word of honor, before the general of many stars, in their great joy, they discussed the good of unfortunate Sonora, which, being one of the richest States of the Mexican Union, is destined to disappear, devastated on the kind protection of our neighbors, guided by the victorious Crook. Or the 5th inst., at a place called Los Charcos, in the jurisdiction of the town of Oposura, in the district of Montezuma, they attacked and tortured in the most cruel and sanguinary manner, as it is their custom to do, the following persons: Ramon Acuna Jose Acuna, Benito Paco, Juan Moreno Cota and Vicente Manzo.

A squad of the 6th Infantry pursued

overtaken and found that they were in very large numbers, and seven of th ers were killed. It is very likely that if they had attacked the Indian with sacks of flour and panoche, noth would have happened this tactic, essentially Amer ican, has not been introduced in our army, above all when it is to be practiced on Apaches, Wo may soon, however, expect such a rereform to be introduced by our illustrious and progressive Minister, Sr.
Matias Romero, who is such an admirer
of the North American progress. I
will keep myself pested about the
depredations committed by the proteges of General Crook, and will communicate the facts to you as soon as municate the facts to you as soon as they come to my knowledge. FIERA BRAS. Yours,

Board of Trade. There was a transaction at the Boar of Trade rooms yesterday that was not ercial by a large majority. The gerent little bantam, otherwise known as the r. y. j., who acts as scribe that body, suffered himself, in in that body, suffered himself, in an unlucky moment of white heat, to call a disciple of the press (an ignored member of the late pamph-let-printing committée of the Board) "a liar," whereupon the stalwart member of the third estate Expressed his opinion of those language by promptly counter-ing with his red right hand on the cabeza of the r. y. j., sending him to grass. The battle ended right there,

MIDDLEBORO, (Mass.), July 17.— The death of General Tom Thumb was very sudden. He had just risen from his bed. Shortly after, being left alone by his brother in-law, he was heard to fall. Going to his room, ne was found lying on the floor, dead rived yesterday morning. The body ill be exposed to public view. Brief private service will then be held and the body will leave here for Bridgeport, where it will be taken in charge by the Encampment of Knights Templar, of which he was a member. Public funeral services will be held on Thursday. A stone vault is now being constructed on a large lot belonging to the deceased. The coffin will be inclosed in solid masoury, to prevent any disturbance from grave-robbers.

The price of the NEW ENGLAND BAKING POWDER justifies the use of the very best materials. Consumers pay a fair price for the best and get it. and get it.

It is self-evident that Baking Powders represented to be composed of the same materials as the NEW ENGLAND, and which are sold to dealers at less than the pure materials themselves are worth, cannot be pure.

The large demand for New worth AND BAK. ING POWDER, and consequent failing was also of adulterated and inferior powders, has aless of adulterated and inferior powders, has aleveloped a spitefulness on the part of some manufacturers and dealers. Finding that the quality of the NEW ENGLAND cannot be successfully attacked, new brands and close imitations, represented to be as good, are put on the market. With these they endsavor to tempt dealers with low prices, and thus impose on consumers.

NEW YORK, July 19.—At about 10:30 o'clock this morning a spark from an engine fell into a bale of jute which had just been landed on the Barracks dook from the ship Lawrence Delap, from Calcutta. The dock was filled with a heap of jute and the flames spread with rapidity, and in a few minutes the entire dock was ablaze. The Delap was the first vessel to catch fire, and all her rigging was burned before she could be towed out. Next to her, on the south side of the dock, was the ship Perseverance, also from Calcutta, which arrived yesterday, and north the ship Adams from Calcutta. To both these vessels the flames communicated and the crews jumped overboard for safety. When the firemen reached the dock the supports of the roof gave way, burying one dozen firemen and dock hands beneath the ruins. HEALTH restored and life prolonged to suffering humanity, by the most wonderful curative agents ever discovered. I invite the sick, no matter what their diseases may be, to call and investigate for themselves before abandoning all hope, for it will cost you nothing. I give no encouragement unless there is a fair prospect of making a cure. I will endeavor to be candid in my opinion, and reasonable in my charges. I claim not to cure everybody, but to cure all that can be cured. I am formerly from New York city, and a graduate of one of the best medical colleges in the United States, and a most thorough Electrician, and have had many years successful practice in the treatment of both acute and chronic diseases. To remove all doubts and convince my patients that I claim nothing but what I am, I refer to my diploma and the numerous recommendations in my possession, which will always be ready for inspection at my office. I HAVE NO ONE CURE-ALL! nor do I make a hobby of any one mode of treatment. I use electricity or medicines or both, as cases may require. I find the cause of disease, remove it, and nature, assisted by medicinal remedies properly applied, will promote a cure without fail. TO THE LADIES. To the ladies I would say: You, whose sufferings have become intolerable, and who have suffered a thousand deaths from those diseases so common to your sex. I give me a call, for I CAN JURE YOU WITHOUT FAIL, and make your lives once again worth living for. And all consultations will be strictly private and confidential. YOUNG MEN. To those young men who are suffering from year to year, and whose vital powers have become impaired, and nervous system unstrung and broken down, and are suffering all the horrors from it he effects of youthful follies; COME AND SEE ME. I have a sure preventative of premature decay and early death. To those who from indiscretions have contracted private diseases and are desirous of being cured, come without fail, for I can guarantee you a speedy cure. I treat with success all diseases of the

Mistaken Idea Mistaken Idea.

The idea is advanced that the Grand Centra Hotel excels all others in Los Angeles. I hould not be, because, where others charge 15 to \$25 for board and room per week, we ask 7 to \$10. Again, how could we excel others when we give board alone for \$4 per week, when they charge \$7? But here are facts which it behooves gentlemen and ladies to read: The Grand Central Hotel was built for the model hotel of Los Angeles. There is gas and water inleach room; wainut furniture, spring beds and all modern conveniences. Our prices do not pay, but for sixty days meals will be 25 cents; board will be \$4 per week; mad tickets will be sold at \$4 50 for twenty-one. Rooms will be from 50 cents to \$1 per night, and \$3 to \$6 per week. We invite custom, but it must be understood that only sober and respectable patrons will be entertained.
